SUBJECT: BLUE LANTERN DDTC CASE NUMBER 05-050091422

REF: STATE 23829

Per reftel request, we contacted Said A. Raghab, Production Director at the Abu Zaabel Company for Specialty Chemicals on April 17. Raghab confirmed the company's request for reftel commodity, the Strand Burner System. He also confirmed that this system will be used for testing composite propellant grains for the production of 155 mm ammunition projectiles. Raghab said he has worked for the company for 35 years and is aware of U.S. export control regulations. He explained to us precisely how the system conducts these tests.
